## **Are you sure if you need a visa to visit Japan?**

Whether or not you need a visa to enter Japan, and the types of documents required when applying, will depend on your nationality. Please check the website below or contact the nearest Japanese embassy before applying.

## **IF YOU NEED A GUARANTEE LETTER FOR YOUR VISA APPLICATION:**

- The invitation letter from the organisers is **NOT** a guarantee letter. You will anyway be required to submit a guarantee letter to obtain a visa.
- Sorry but the organisers will not issue a guarantee letter to any participants.
- Please ask someone you know in Japan such as your partner company to issue a guarantee letter for you.

The organisers do not send its original copy by post currently. Therefore, please download the digital version from the Visitor MyPage / Visitor Portal and print it out in color for your use.

Thank you for your understanding.
